LABEL DE BACHI by Deepanjali

LABEL DE BACHI by Deepanjali brings floral prints and festive colour to BFW Day Two

At the 27th edition of Bangalore Fashion Week, LABEL DE BACHI by Deepanjali presented a collection shaped by fluid drapes, vivid colour and floral motifs. The looks moved between structured ethnic silhouettes and softer, layered forms.

BENGALURU, 16 OCTOBER 2026 — LABEL DE BACHI by Deepanjali's Day Two showcase at the 27th edition of Bangalore Fashion Week unfolded in a palette that moved from deep black to saturated coral, pink and red. The collection carried a festive ease, with silhouettes that balanced movement and definition across long dresses, sari drapes and kurta-led ensembles.

One look paired a sleeveless black halter-style dress with a wide, flowing skirt, its surface animated by oversized yellow sunflower motifs placed near the hem. The contrast of the dark base with the bright floral print gave the garment a graphic clarity, while the clean neckline and uninterrupted fall kept the silhouette fluid.

Elsewhere, the collection turned to traditional references in brighter tones. A coral-orange ensemble featured a short-sleeved blouse with striped detailing and a layered drape below, finished with coordinated borders at the hem and sleeves. Another look in vivid red used a straight, knee-length silhouette with ornate embroidery along the sleeves and hem, bringing texture to the otherwise streamlined form.

A sari in pink and red introduced a more layered composition, worn with a short, structured blouse in a contrasting magenta tone. The drape sat close to the body and was paired with gold jewellery, adding a polished, ceremonial note. Across the looks, the styling favoured centre-parted hair, statement earrings, necklaces and bangles, keeping the focus on colour, surface work and the fall of the fabrics.

The collection presented a clear dialogue between contemporary simplicity and traditional dress codes. Floral imagery, border detailing and rich, saturated hues gave the showcase a distinctly celebratory mood, while the controlled silhouettes held the line in a refined, editorial register.
