Pooja Bindhya brings sculpted colour and surface craft to BFW Day Three

Pooja Bindhya's Day Three showcase at the 27th edition of Bangalore Fashion Week moved through saturated colour, luminous textures and fluid volume. The looks balanced embellished surfaces with clean, contemporary silhouettes.

BENGALURU, 17 OCTOBER 2026 — Pooja Bindhya's showcase at the 27th edition of Bangalore Fashion Week unfolded in a palette that moved from sunlit yellow to deep burgundy, forest green and soft blush. Across the selection, the collection favoured occasionwear silhouettes with a polished, feminine line, set against the floral-lit runway backdrop.

A yellow gown anchored the mood with a fitted bodice, cap sleeves and a full skirt that fell in a soft, expansive sweep. Fine embellishment caught the light across the surface, while the sheer lower paneling and matching draped sleeves added a lightness to the otherwise richly worked look.

Elsewhere, the designer shifted into sharper contrasts. A white cropped blouse paired with a voluminous burgundy skirt created a strong waistline and a contemporary proportion, while the addition of a long, textured white stole introduced movement and softness. The styling stayed restrained, allowing the colour pairing to carry the impact.

A deep green ensemble brought a more grounded register to the collection. The sleeveless blouse and matching skirt were worked in intricate texture, with the cropped top and full-length skirt forming a balanced silhouette that felt both structured and fluid. The look read as richly detailed without losing clarity of line.

The blush pink gown closed the selection on a lighter note, with a one-shoulder bodice and a single floral-like sculpted detail at the shoulder. The skirt fell in a sheer, airy volume, giving the ensemble a soft finish. Across the showcase, Pooja Bindhya worked with colour, embroidery and volume to build a collection that felt elegant, tactile and composed.
